*All classes approved for TCEQ Landscape Irrigation License Continuing Education, including Irrigators, Inspectors & Technicians

******************************************************** ONLINE COURSE*********************************************************

Electrical Troubleshooting For Landscape Irrigation Systems (8 Hours*)
Register at http://irrigation.tamu.edu/online.php

******************************************************** EPA WaterSense Irrigation Auditor Certification*********************************************************
Students who complete the Landscape Irrigation Auditing & Management short course after January 1, 2011 are now eligible to become EPA WaterSense Certified Irrigation Auditors. To become certified, a student must register and pass the AgriLife Extension Irrigation Auditors Certification Exam. The auditor must then renew their certification within 2 years by completing 8 hours of continued education from the Texas A&M School of Irrigation and providing documentation of completing at least 1 irrigation system audit. For more information visit http://irrigation.tamu.edu/watersense.php
