Advanced Irrigation CAD Workshop

May 18, 2017
College Station, Texas

Conducted by the

**Texas A&M School of Irrigation
Irrigation Technology Program**

DATE AND TIME

May 18, 9:00 am - 6:00 pm

Course Fee

\$165.00

COURSE DESCRIPTION

Advanced Irrigation CAD Workshop

This course is set up as a fast paced version of the 2 day Irrigation CAD workshop. Students will complete a residential drawing from start to finish. Students will be given more instruction on material take-offs, sprinkler palette assignments and proper zoning techniques than in the original course.

Topics of the class include:

- Producing a Site Map and Design,
- Working with a Sprinkler Database,
- Designing an Irrigation System,
- Hydraulics,
- Finalizing Design and Plans,
- Calculating Cost Estimates

It is required that students have taken the basic 2 day training previously or some other computer aided design software class and have a working knowledge of RainCAD or DesignCAD packages.

WHO SHOULD TAKE THIS COURSE

The Advanced Irrigation CAD course is for Landscape Architects, Licensed Irrigators and others in the urban design industry who use computer aided design software on a daily basis and are looking to expand their knowledge and skills.

CONTINUING EDUCATION CREDIT

The TCEQ has approved the offered course for 8 hours of *continuing education credits* for **Licensed Irrigators**.
