| Weathermatic | SL1600              |                       | Yes           | Yes                  |                       | Yes          |     |                    |           | Yes   | Yes               | Yes                   |

### Additional Advanced Settings

Hunter HC: Forecast ET, Forecast Rainfall, Forecast below 60F, Monthly % Adjustment, Water Adjustment

Rachio: Available Water, Root Depth, Allowed Depletion, Efficiency, Crop Coefficient, Precipitation Rate

Orbit: Efficiency, Microclimate Factor %, Field Capacity, Permanent Wilting Point, Allowable Surface Accumulation, Basic Infiltration Rate

Sprinkl: Rain Chance %, Rain Accumulation inches, Monthly % Adjustment, Freeze Temperature, Wind Speed Shutoff
